

Victoria Richardson is a lifelong Vermonter and current participant in Vermont's Law Office Study Program, which she began in 2025. She serves as founding co-chair of the VBA's Law Office Study section. She has worked at Sabbeth Law for nine years and is currently the Assistant Senior Supervisor. Victoria earned her bachelor's degree in psychology *summa cum laude* from Southern New Hampshire University in 2025. Victoria was drawn to the Program because of the personalized path it offers, as opposed to a one-size-fits-all curriculum. She has been able to develop a personalized course of study which has allowed her to feel more connected to her legal education. She is honored to bring this perspective to the panel.
