Old School Software Tools for Your Law Practice
January 27, 2021 @12pm - 1pm

This webinar will cover the basic law office software that all firms need to have, including:

- Billing
- Financial Reporting
- Practice Management
- Document Assembly
- Email Management
- Document Management

We will talk about specific features of these applications that are useful and valuable, and give best practices to make the software work for your firm so you can get the most from it.
