

Disputes come in thousands of forms. They are as varied as the individual disputants. The adversarial litigation realm in which most lawyers operate is not always the best way to achieve lasting peace among disputants: sometimes the process fans the flames. **The VBA Dispute Resolution Section** is made up of attorneys and non-attorneys committed to exploring, publicizing, educating and ultimately utilizing a broader and more tailored set of tools, including online technologies, to meet client and community needs, during and after the COVID-19 pandemic. If you have any questions about the Section or how it can help please feel free to contact any of its Co-Chairs- Neil Groberg at neil@grobergmediation.com - Richard Hecht at rdhecht@burlingtontelecom.net Or Erik Wheeler at erik@accordmediationvt.com
