

# Vermont Community Foundation

The Vermont Community Foundation (VCF) is a constellation of more than 1,000 individuals, families, and businesses united in their dedication to making a meaningful impact in the place we call home. Each year, our grants and programs channel more than \$60 million to communities in Vermont and beyond.

We work with advisors like you, combining our philanthropic expertise with your professional knowledge to help your clients support the causes they care about most. Together, we can structure tax-efficient gifts that create a lasting community legacy, ensuring your clients' generosity has a meaningful and enduring impact.
